**INSTRUCTIONS**

We recommend wearing gardening gloves when using this or other planting materials. Use with adult supervision and wash hands after use.

1. **Prepare the site.** Dig or till the soil to a depth of 8 inches (20 cm). Remove rocks, debris and other obstructions. Level the soil if necessary.

2. **Add soil amendments.** Mix Miracle-Gro® Performance Organics™ into the top 4 inches (10 cm) of the soil. For best results, we recommend using Miracle-Gro® High Performance Soil Amendment.

3. **Plant.** For best results, we recommend using Miracle-Gro® High Performance Plant Food with Smart Release.

4. **Water.** Water thoroughly, then apply a 1-inch (2.5 cm) layer of mulch.
